

120 Volt GU10

Philips LED 7 Watt

The Dauer Lampen 7 Watt Philips GU10 is a high powered 120 Volt DIMMABLE LED lamp. The Philips CHIP GU10 is a highly efficient LED which uses only 7 Watts of energy while maintaining a very high quality of light. It is virtually identical in physical size to a standard GU10 which makes it ideal for many different lighting applications including retail lighting, accent lighting, recessed lighting, track lighting, landscape lighting, and architectural lighting. All Dauer Lampen Philips GU10's have been manufactured and tested in accordance with RoHS. DAUER LAMPEN LED products contain no mercury.
