proudly made in the USA

At Dauer Manufacturing, we are committed to supporting American industry and ensuring the highest quality standards by adhering to the Buy American Act (BAA).

This federal legislation mandates that U.S. government agencies prioritize the procurement of domestically produced materials and products.

By aligning our processes with BAA requirements, we not only contribute to the national economy but also provide our customers with products that meet stringent federal standards.

Purchasing BAA-compliant products from Dauer Manufacturing ensures that your projects meet federal procurement guidelines, facilitating smoother approval processes and potentially expediting project timelines. Moreover, by choosing our American-made products, you are investing in superior craftsmanship and supporting local jobs, thereby contributing to the strength and sustainability of the U.S. economy.

exceptional fixtures built to perform

At LUMIFY, we are proud to offer a comprehensive range of high-quality, durable lighting fixtures designed to meet the rigorous demands of commercial applications.

Manufactured by seasoned professionals with a long-standing history in the industry, our fixtures are a testament to expert craftsmanship and engineering excellence. Every product is built with precision and reliability in mind.

Engineered for durability, our fixtures stand up to weather extremes and the unpredictable forces of Mother Nature, ensuring long-lasting functionality and peace of mind. Backed by some of the best warranties in the industry, LUMIFY products represent our commitment to quality and customer satisfaction, providing you with lighting solutions that inspire confidence and elevate every space.
